Introduction and Accessing CM/ECF

This handbook includes information regarding docket events that are used after a 341 Meeting has been held and needs to be concluded or continued.

The docket events that you select will vary based on:

- If the case will be an **asset** or **no asset** case;
- If the §341 meeting was **concluded** as to the debtor and/or the joint debtor, if applicable;
- If the §341 meeting was **continued** as to the debtor and/or the joint debtor, if applicable;
- If the debtor(s) failed to appear at the §341 meeting and you are going to file a Motion to Dismiss;
- If the case was reopened.

Additionally, this handbook contains information regarding docketing a virtual non-opposition to a motion or application filed by another party.

Accessing the NextGen system:

1. After you link your CM/ECF account (created by the court) and your upgraded PACER account, you will use your PACER credentials to log into our NextGen system.
2. From our website at www.caeb.uscourts.gov, click on the PACER link. Then click on the **Eastern District of California – Document Filing Application** link.
3. Use your PACER login and password to log in. Leave the field for client code blank but check box regarding understanding/complying with the redaction rules.

The following pages contain information on the events available for docketing and a description of when to use them.

Please note the following:

- If you are filing a new 341 meeting report because you have already filed one indicating that the case was an asset case, but have since determined that there will not be assets, it is not necessary to indicate that this is an “amended” report. Docket the appropriate **Report of No Distribution** and a **Notice of Filing Report of No Distribution** will be generated.
- If you are filing a new 341 meeting report because you have already filed one indicating that the case was a no asset case, but have since determined that there will be assets, it is not necessary to indicate that this is an “amended” report. Docket the appropriate **Notice of Assets**, and the court will generate a Notice to File a Proof of Claim.
- If you determine that you have used the wrong event, please contact the court as soon as possible. If you contact the court on the same day that the event was docketed, the court may be able to stop notices from being generated. If you contact the court after the fact, you may be asked to prepare and serve a Notice to Disregard.

341 Meeting Continued/Trustee's Motion to Dismiss and Notice of Hearing

Use these events when the debtor(s) failed to appear at the first meeting of creditors and you wish to file a Motion to Dismiss. Please note that both the *Trustee's Motion to Dismiss for Failure to Appear at § 341 Meeting of Creditors* and *Notice of Trustee's Motion to Dismiss for Failure to Appear* must be generated. Docket the motion first, and then the notice of hearing.

1. **341 Meeting Continued/Trustee's Motion to Dismiss:**

When the debtor/joint debtor fail to appear at the §341 meeting, the meeting will **always** be continued. This event indicates the date the meeting was held, who appeared or didn't appear and the continued date of the §341 meeting. You must **always** enter a Docket Control Number (DCN).

This event produces a *Trustee's Motion to Dismiss for Failure to Appear at §341 Meeting of Creditors*.

To docket this event:

- a. Select **Bankruptcy** from the main menu;
- b. Select **Chapter 7 Trustee Events**;
- c. Enter the case number;
- d. Highlight to select **341 Mtg Continued/Trustee's Motion to Dismiss**;
- e. On an otherwise blank screen, click **NEXT**;
- f. Highlight the trustee's name;
- g. This screen is requesting three types of information. You must fill in all of the requested information or the system will not let you proceed:
 - i. Enter the Docket Control Number (DCN) of your motion. To create your DCN, take the first letters of your first, middle and last name and, if this is your first motion in this case, put a dash one after it. For example, if John J. Smith filed this motion and this was his first motion in this case, the DCN would be JJS-1. If this was his second motion in this case, the DCN would be JJS-2.
 - ii. The Sec. 341(a) Meeting was held on (mm/dd/yy): (Enter the date of the last scheduled Sec. 341(a) meeting.)
 - iii. If the case is a joint case, select which debtor(s) DID NOT appear at the §341(a) meeting. Mark the correct answer – Debtor, Joint Debtor or Both Debtors. If the case is not a joint case, you will not receive this prompt.
- h. If the debtor(s) is/are represented by counsel, you will be prompted to indicate if counsel appeared.
- i. Schedule the continued §341(a) Meeting. When scheduling this meeting, remember it must be scheduled for a date after the date you have chosen for the possible hearing on the Trustee's Motion to Dismiss.

- j. This is the confirmation screen for the continued meeting. If the date and/or time are incorrect, return to the previous screen to enter the correct information.
- k. On an otherwise blank screen, click **NEXT**.
- l. **This is the “point of no return” screen.** If you find you have made an error, do NOT click on the NEXT button. Clicking on Bankruptcy in the blue bar at the top will abort the event. You may also use the BACK button in your browser to return to previous screens. If the information is incorrect, you must use the BACK button to return to the screen where the information was entered and make the changes there. You cannot simply edit the docket text on this screen, because it will not spread to other areas of CM/ECF and the notices that you generate will have incorrect information.
- m. The last screen titled *Notice of Electronic Filing* displays the docket text again and the document number will be blank.

2. **Notice of Trustee’s Motion to Dismiss for Failure to Appear:**

 - iii. The hearing on the Motion to Dismiss will be scheduled for (mm/dd/yy): (Enter the date that you want the motion to be heard if a Notice of Hearing is filed. The proposed hearing dates can be obtained by accessing the Self-Set Calendar on our website. This date must be at least 28 days from the date you are sending this notice.)
 - iv. The hearing time: (00:00 a.m./p.m.): (Enter the time you want the motion to be heard if a Notice of Hearing is filed. The Self-Set Calendar will provide you with the appropriate hearing times.

- v. Click on the radio button next to the appropriate courtroom and department.
To locate the department quickly, check the top of the screen. The department is listed next to the word "Judge." For example, if the top of the screen shows:
Judge: C, you would choose Sacramento Courtroom 35, Department C.
- h. If this is a joint case, this screen is prompting you to select which debtor DID NOT appear at the Sec. 341(a) meeting. Mark the correct answer – Debtor, Joint Debtor or Both Debtors. If this is not a joint case, you will not receive this prompt.

If the information is incorrect, you must use the BACK button to return to the screen where the information was entered and make the changes there. You cannot simply edit the docket text on this screen, because it will not spread to other areas of CM/ECF and the notices that you generate will have incorrect information.

Reopened Cases

Cases that have been reopened to administer assets need a report from the trustee that advises the court how to proceed.

Reopened Cases with Assets to Distribute

If there are assets to distribute, you can file the appropriate *Notice of Assets* (see page 5 of this handbook). These events will prompt the court to send a *Notice to File Proof of Claim* to all creditors and parties to the case, and will set a proof of claim deadline in the case.

Reopened Cases with No Assets to Distribute

If there are no assets to be distributed, you can file a *Status Report and Request to Close Re-Opened Case*. This event should be used in cases that were already deemed to be “no asset” cases prior to being closed and reopened. A *Notice of Report of No Distribution* will not be generated by this event. Docketing this event will prompt the court to re-close the case one business day after the event has been docketed.

Please note that this event requires you to prepare a report of your findings and attach it during the docketing of the event.

To docket the *Status Report and Request to Close Re-Opened Cases*:

1. Select **Bankruptcy** from the main menu;
2. Select **Chapter 7 Trustee Events**;

8. Review your final text. If you need to make a change, you will need to start over.

Docketing a Virtual Non-Opposition

You can use this virtual event to advise the court that you have no opposition to a pending motion instead of preparing a non-opposition and e-filing it. Docketing this event will put it on the docket immediately. You will not be attaching a PDF of a document to this event.

Please note that you will have to docket a Non Opposition in response to each motion (except combined motions) separately.

To docket a Non-Opposition to a pending motion, you will access the CM system through PACER:

1. Click on **Bankruptcy** from the Main Menu.
2. Click on **Response/Support Docket Entries**.
3. Enter the Case Number.
4. Highlight **Non Opposition (Trustees)** and click **NEXT**.
5. Highlight the trustee's name.
6. The next screen contains a chronological listing of all the motions (pending and terminated) that have been filed in this case.
7. In the scenario below, Sample Bank has filed a Motion for Relief from Stay and it is the only motion that has been filed so far. If you want to file a Non Opposition to the Motion for Relief from Stay, put a check in the checkbox next to the Motion/Application you are referring to. If the motion is not listed, do not continue docketing your Non Opposition.

If you reach the above screen and you find that you have made an error, do NOT click on the next button. Click on Bankruptcy in the blue bar at the top of the screen will abort the event. You can also use the BACK button on your browser to return to previous screens to make the necessary changes. You should not continue docketing if you notice the following:

- You are in the wrong case;
- You didn't select yourself as trustee in the case, and the non-opposition indicates that it was filed by someone else.
- There is more than one DCN in the docket text. This means that you selected two separate motions. A separate virtual non-opposition must be docketed for each motion.
- You have selected the wrong motion.
- You meant to select more than one part of a multiple part motion, but did not do so.

If you discover that you have made an error after passing the point of no return, please contact the court for assistance. The last section in this handbook has information regarding contacting the court.

Common Error Messages

Here are some error messages that you may see while docketing. They have been built into the system to prevent common problems.

PLEASE VERIFY THE CASE NUMBER. THIS IS NOT A CHAPTER 7 CASE!!

- If you accidentally enter a case number that is not for a Chapter 7 debtor, you will see this message and be prevented from continuing from docketing that event in that case.

YOU MUST SELECT A LOCATION!!

- This message will display if you did not select a meeting location on the scheduling screen. Use the back button on your browser to return to that screen and make a selection from the pick list.

DO NOT DOCKET THIS EVENT UNLESS THIS ACTION APPLIES TO BOTH DEBTORS!!

- This message displays when docketing to a joint case if the same action must pertain to both debtors. You will not see this message if the case has only one debtor.

ATTENTION: A NOTICE OF FILING REPORT OF NO DISTRIBUTION WILL BE GENERATED AND SENT OUT BY THE COURT UPON THE DOCKETING OF THIS EVENT.

- This message displays when the Notice of Filing Report of No Distribution will be generated by an event. If you do not want a Notice of Filing Report of No Distribution to be generated, you cannot use this event.

THIS CASE HAS BEEN DISMISSED! USE THE APPROPRIATE REPORT!!

- If the case has been previously dismissed, the system is advising you to use a Report of No Distribution which is for dismissed or converted cases.

A SELECTION IS REQUIRED!!

- This message will display if you neglected to make on a selection on the previous screen. Use the back button on your browser to return to that screen and make a selection from the pick list.

Warning: The transaction you submitted has already been accepted and posted by this system. If your original submission contained an error... [this is a long warning message and not all of it is included here.]

- You will see this warning any time you have finished docketing an event (by clicking NEXT at the final docket text screen) and then use your browser's Back button to return to the final docket text and clicked NEXT again. This warning is common to all CM events and is meant to tell you

that you cannot back up after the “point of no return” to fix something. There is nothing you need to do. Your original docket entry will be intact.
